● Report on Visit S.P Office Kolhapur ●

Date : 9 June 2023

Place : S.P Office, kolhapur

Our visit to the Superintendent of Police (SP) office with colleagues was a comprehensive and insightful experience that deepened our understanding of law enforcement strategies and community engagement. The purpose of our visit was to discuss various aspects of public safety and explore opportunities for collaboration between law enforcement and local stakeholders. Upon arriving at the SP office, we were warmly greeted by the Superintendent and his team. The office environment was bustling with activity, showcasing the dedication and commitment of the police force to their responsibilities. After a brief introduction, we proceeded to a conference room where we engaged in a detailed discussion. The Superintendent initiated the conversation by outlining the current law enforcement priorities in our area, highlighting recent successes and ongoing challenges faced by the police department. He emphasized the importance of community involvement in crime prevention and maintaining public trust. This set the stage for a productive dialogue on how we, as community members and stakeholders, could contribute to improving public safety. During the meeting, each of my colleagues and I had the opportunity to share our perspectives and ideas. We discussed the potential for implementing neighborhood watch programs, fostering better communication between residents and law enforcement, and organizing outreach events to educate the public about crime prevention strategies. The Superintendent and his team were receptive to our suggestions and offered valuable feedback based on their expertise and experience. One key takeaway from the discussion was the significance of building strong partnerships between law enforcement agencies and local communities. The Superintendent emphasized that effective policing requires collaboration and mutual understanding. He shared examples of successful community policing initiatives from other regions and encouraged us to adapt similar approaches to suit our local context. Moreover, we delved into the importance of addressing underlying social issues that contribute to crime, such as poverty, substance abuse, and lack of educational opportunities. The Superintendent stressed the role of proactive interventions and social services in reducing crime rates and improving overall community well-being. As the meeting progressed, it became evident that there was a shared commitment among all attendees to work together towards safer

neighborhoods. We discussed practical steps for implementing our ideas, including forming task forces, conducting public awareness campaigns, and organizing training sessions for volunteers interested in participating in community safety efforts. Additionally, the Superintendent provided us with insights into the technological advancements being used by the police department to enhance their effectiveness. This included the use of data analytics, CCTV surveillance, and community reporting apps to better monitor and respond to incidents. In conclusion, our visit to the SP office with colleagues was an

enlightening experience that underscored the importance of collaboration between law enforcement and local communities in ensuring public safety. We left the meeting feeling inspired and motivated to take concrete actions towards creating a safer and more resilient community. The exchange of ideas and perspectives was invaluable, and we look forward to continuing our partnership with the police department to achieve our shared goals.

Visit to Family Court, Kolhapur District.

Date: - 16/02/2023

Place: - Kolhapur District.

On 16 February 2023, I and my classmate 10 students visited the family court and office of management of the court, as an inter-shi activity organised by shahaji law collage Kolhapur.

Though we had very less idea of the working of court and procedures undertaken while hearing of cases and overall activity of family court it was a first step toward exploring the legal knowledge and heat is the reason behind making a visit to court.

Mr. S.B. Methe (managing officer) provide us information about the working and procedure scenario of the court.

We observed the court proceeding by sitting in a disciplined manner and curiously attend the actions of Honorable Justice, court clerk to petition and witnesses.

cases under Hindu marriage Act 1956 for restitution of conjugal rights. petition for custody child was also observed. Declaration of marriage to be cancelled was observed number of procedural actions which would

sound critically or seem critical to a person having no knowledge of laws were observed. However being a budding law student we made an observation that number of cases for divorce were more as compared to that of restitution of conjugal rights. This could also be a major change in today's society.

- Intellectual & Developmental Disability:

Person with intellectual & developmental disabilities (PwIDD) are probably one of the most neglected sections of our society. Fortunately, this situation is gradually changing in a positive direction due to the efforts of NGOs.

The intellectually disabled constitute around 2% of our total population. It is not an illness or disease. It is a kind of disability just like deafness or blindness. It leads to limited mental & physical activities.

These children remain a life long responsibility for the parents. The only way to tackle this problem is to make these children self reliant, confident, independent & self sufficient through a special education policy.

There are many reasons behind this condⁿ of them. It is mostly related to fetus state where in case if a mother fell on her stomach during pregnancy or if fetus got hurt by any way or if it didn't get enough nutrition or if there is chromosomal mutation during the formation of foetus, etc. In some cases it is also related to infant stage if an infant get hurt on the brain side, etc.

• Activities taken by school:

1) The student welfare fund -

All the teaching, non-teaching employees as well as some well-wishers contribute some amount to a fund specially created for providing financial assistance to poor & needy students to enable them to meet the expenses of school-related stuff.

2) Parent-Teachers Association -

Chetana has also founded an association called "SAAD" for the teachers & guardians, which holds regular meetings.

3) Trips & Excursions -

Socialization forms an extremely important element in the training programme of the persons with IDD. Thus, Chetana school regularly organises small trips to markets, gardens, banks, dairies, newspaper printing press, mills, etc.

4) Sports Meets -

Sports are an essential component of any training programme as they have great potential for emotional development of children. Chetana has organised sports meets for the special schools from Western Maharashtra, working for some purpose. Students have been participating in special olympics.

5} Chetana Udyog Kendra -

The final stage of training programme is rehabilitation. Thus, school has started a sheltered workshop for students. Training is offered in the production of all types of office files, portfolios, registers, etc. Similarly in the carpentry & wood craft liquid soap & phenol making, screen printing, small diwali wax lamp, Ganesh idols, etc. Working students earn a stipend from Rs. 150 to Rs. 1000 per month.

• Achievements of school:

- 1} Savali Sanman Puraskar 2001
- 2} Teevan Gaurav Puraskar 2001
- 3} Apong Mitra Puraskar 2003
- 4} Rashtrabhushan Puraskar 2009
- 5} National Award as Best NGO 2009-10
- 6} Vasundhara Gaurav 2012.

• Equipments of centre:

- 1} Chetana guidance clinic.
- 2} Early intervention centre.
- 3} Speech therapy centre.
- 4} Diagnostic & Research centre.
- 5} Music room & library.
- 6} Cultural hall.
- 7} Special schools for slow learners.

• Conclusion :

The appropriate responses of Central & State Govt, enlightened perspective of the parents & the reasonable awareness in the society have made possible the development of Person With Intellectual & Developmental Disabilities. It has created healthy & participative environment for them.

Yet there are lots of areas to be covered. There is a great need to bring about a basic change in our perspective & orientation of this problem because they are also a part of our society.

Ka

To oversee the functioning of the District Registration Offices, there are 39 Divisional Offices headed by Divisional Registrars at the district level. These offices are controlled by regional Directors and stamp Superintendents at the state level, with a total of eight regional departments in Mumbai, Pune, Thane, Nashik, Aurangabad, Nagpur, Amravati, and Latur.

Document Registration Process :-

In the office, various documents such as Sale deed, adaption deed, release deed, will, Gift deed, leave and license, Mortgage deed, Reconveyance deed, also Agreement to sale and Power of Attorney are registered. Documents related to temple land, tribal lands, government lands, educational institutions, are not registered.

The government website "I-Sarita" is used for registering the

documents and related details. Stamp duties are charged according to each document type. A total amount is calculated based on the stamp duty charges for sale deed [5% stamp duty - Gramin and 6% for developed residential areas] for gift deed not for blood relations [4% stamp duty] and blood relations [only 200 ₹ stamp duty]. The rates for documents registration are available in the "Ready reckoner book", which is updated annually.

A bunch of all the documents is presented by the buyer, seller and two direct witnesses at the office. During the registration process of a sale agreement or sale deed, the document is verified by registrar officer manually. It contains details about the parties involved, including considerations and the dimensions of the property.

REPORT ON DLSA VIST

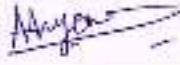

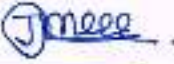

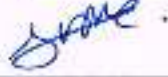

- **Date: 4th October 2022**
- **Place: District Sessions Court, Kolhapur**
- **Topic: Visit to DLSA**
- **Speaker: Mr. Pritam Patil (Senior Division Judge)**

On the 4th of October 2022, we, the students, visited the District Legal Services Authority (DLSA), where the Secretary of DLSA and Senior Division Judge, Mr. Pritam Patil, provided us with a comprehensive overview of the operations of DLSA. The primary aim and function of DLSA are to provide free and competent legal aid, including counseling and legal advice, as well as free legal services for cases presented before courts and tribunals. Mr. Pritam Patil emphasized that DLSA primarily engages in coordination, mediation, arbitration, conciliation, and negotiation, with no involvement in judicial proceedings.

Additionally, DLSA organizes Lok Adalats four times a year to facilitate easy communication. Mr. Pritam Patil also informed us that in cases involving POCSO (Protection of Children from Sexual Offenses) violations, DLSA provides compensation to the victims. If the victim is a minor, DLSA creates a fixed deposit (FD) in the

victim's name, allowing them to access the funds upon reaching the age of majority for future use. To date, DLSA has disbursed compensation ranging from 1.50 to 2 crore rupees to victims. This insightful session provided us with a comprehensive understanding of how the District Legal Services Authority operates.

Title: Family Court, Kolhapur District.

Place - Kolhapur District.
Date - 14/02/2023

On 14 February 2023, I and my classmates, 10 students visited the family court and office of Management of Court, as an internship activity organised by Shahaji Law College, Kolhapur.

Though we have very less idea of the working of court & procedures undertaken while hearing of cases & overall activity of family court, it was a first step towards exploring the legal knowledge and that is the reason behind making a visit to court.

Mr. S. B. Melhe (Managing Officer) provided us information about the working & procedural scenario of the court.

We observed the court proceedings by sitting in a disciplined manner & curiously attending the actions of Hon'ble Justice, Court Clerk, Parties to petition & witnesses.

Cases under Hindu Marriage Act, 1956 for restitution, of conjugal rights. Petition for custody of a child was also observed. Declaration of marriage to be cancelled was observed. Number of

procedural actions which would sound harsh or seem critical to a person having no knowledge of laws, were observed. However, being budding law students we made an observation that number of divorce cases were more compared to that of restitution of conjugal life. This could also be a major change in today's society.
