

POLICY DOCUMENT ON E-GOVERNANCE

SHHAJI LAW COLLEGE, KOLHAPUR

COUNCIL OF EDUCATION'S

SHAHAJI LAW COLLEGE, KOLHAPUR

NAAC A GRADE COLLEGE | 90 YEARS OF HISTORY | AFFILIATED TO SHIVAJI
UNIVERSITY KOLHAPUR

1090, 'E' Ward, Shahupuri, Kolhapur – 416 001 Maharashtra, India.
Phone: (0231) 2523878, 2522978; cell 8007099143

E-Governance Policy

The use of technology in education has been a great advantage for academic institutions. It helps to improve governance systems and maintains a high standard of education. Good governance is the capacity to respond to the challenges and need of the present circumstances. The purpose of an institution's E-Governance policy is to improve the governance system for the development of the institute through the use of new and modern technologies. The objective of this policy is to plan and provide infrastructure for the implementation of the latest applications and solutions for the smooth administration of the institution. Keeping in mind the day-to-day requirements of the institute, the college has developed an e-Government policy with the main aim of introducing E-Governance in various transactions, services and activities of the college for greater efficiency, transparency, and accountability. As a green initiative, the college has adopted E-Governance as a part of its green campus. All stakeholders are encouraged to adopt E-Governance in all aspects of the college. This policy applies to all aspects of the institute, such as administration, finance & account, student admission, examination and many more. Establishing an E-governance system will help to bring all of the institute's stakeholders together, to automate many functions, and make the process more transparent. The college management understands the need to coordinate the administration of the college as it develops into a renowned higher education institution. Establishing E-governance will help to bring together all the institute's stakeholders and automate many functions, while also making the process more transparent and efficient.

OBJECTIVES

- Implementation of E-governance in effective functioning of the institution. Reduce the usage of paper in administration of the institution.
- To improve transparency and accountability.
- To achieve the aim of being an environmental and user-friendly institution.
- Facilitate easy access to the information and to maintain the data on a secure environment.
- To implement automation in library facility.
- To provide e-facilities to students, teachers, Alumni and Parents in various activities relating to the institution.
- Achieving paperless administration of the institution.

Administration

The college administration is made paperless in order to give a hassle-free, convenient, and smooth process. Students must be able to get the most out of online services. The college investigates the possibility of automating some of its administrative duties.

Students can access information such as attendance, results, timetables, assignments, and other study tools. Attendance Management Software to be used by Administrative Staff and Teaching Faculty to record and track Attendance, Internal Assessment, etc. Monthly Reports, Semester End Reports should be generated to automatically calculate the Internal Assessment marks for attendance. Administrative Office use centralized data base software named as SLC \ENS Software for Advanced Excel and File Management System as well as to maintain effective database. The college will look into opportunities to automate some of its functions related to administration. To provide a hassle free, convenient and smooth process, administration of the college to be made paperless. Students must be able to obtain maximum services in online mode. Administrative Staff to be provided with adequate training and development to keep them abreast with the new technology.

College Website

The college website is the heart of the institution. It should act as a mirror of the college and all its activities. All the relevant data should be made easily available to the outsiders. Website

shows the college activities and information about all activities, important notices etc. A service provider/web designer is hired for the purpose. Administrative and teaching staff will receive training on how to make crucial website upgrades. Along with it, training should be given to the existing staff and designated person/persons should be identified who will undertake the responsibility of website administration and upgradation at the college level. The website will serve as an information hub for the college, including all of its events, major announcements, and course offerings, among other things. The website of the college to be continuously updated taking into account the new changes. Website shall be hosted and deployed by a third party on a secure platform. For the administration of the college website, a website committee will be constituted. On a regular basis, the Committee will oversee the process of updating, maintaining, and operating the website. The Committee will also examine for any other website updates that are needed. The College strives to showcase its vibrant self and activeness through its website. All the important notifications have to go live on the website as and when they are released. The website of the college needs to be revamped taking into account the new changes.

Student Admission

An open and transparent strategy for the admission process is followed which is further strengthened by the ethical practices and regulations as directed by CET Cell & Shivaji University Kolhapur. The College brings out its Brochure which is displayed on the website that has guidelines for the admission process. An Admission Portal to be used to manage the admissions in the college. Number of students applying to each course, withdrawals, fee submission, all to be managed through this CET Portal only. Students are required to submit a separate Online Application Form for taking admission to the college and for this purpose an online software to be used by the Admission Co-ordinator. Institution to process admissions for programs, hostel, etc. using the portal. The admission process is conducted in an open and transparent manner, which is bolstered by Shahaji Law College ethical principles and rules. After each allotment, the students confirm their college selection and take admission in the allotted college onsite.

Accounts & Finance

The office continues to maintain its accounts on College Mate software (Advanced Tally Version) Latest versions of the software to be purchased and used by the college. Advanced features help the staff to maintain financial records effectively and efficiently. Profit and loss, Balance Sheet are generated through this software only. All the analysis reports to be generated through Tally. Appropriate security measures should be taken for maintaining confidentiality of the transactions. Training to the existing staff and upgradation of the existing software must be done regularly. The College also uses multiple software such as SLC College Mate (Financial Management System) which is used to manage the funds received from the Government, Payroll Management System which helps to automatically calculate the salary, generate salary slips, disperse the salary to the bank accounts. TDS, Provident Fund, Allowances, etc all are managed through the portal "HTE Sevarth" (Government of Maharashtra). Reports can be generated for all Staff members. Payments are generally made and received through online mode such as NEFT, RTGS, Bank Transfers, Net Banking etc.

Quality Enhancement

All the activities of IQAC and the cells and committees has functioned under the E-governance provisions. Feedbacks from the students, parents, teachers, alumni and employer shall be collected online and compiled and analyzed using ICT tools. Online provisions will be used to accomplish teachers and students exchange programmes. Online provisions will be used increase the competitive zeal of the students, to orient students with different issues of the society, increasing capability of the students and increasing their out orientation. Increasing students' participation through organizing online seminar and workshop.

Library

The College continues to maintain its academic excellence through maintaining a well-stocked library. The College will add more and more e-learning resources for the benefit of the teachers and the students. The College should maintain a frequent subscription to new periodicals and publications. While subscribing to e-resources, teachers and students are asked for recommendations. Teachers can apply to get books by various authors for the subjects they teach in order to expand their knowledge base. The library has installed fully automated ILMS software which should have an easy to use- Graphical User Interface and export facility for most reports. The use of the software's Online Public Access Catalogue module to search library databases using selected phrases for information retrieval. The software's Circulation module should include all aspects of circulation, from building member records to printing warnings for overdue books. All database creation and maintenance tasks should be covered by the Database Maintenance module by the software. The use of Online Public Access Catalogue (OPAC) module of the software to allow library database searching by entering preferred terms for information retrieval. The Circulation module of the software should cover all the operations of circulation, right from creating member records to printing of reminders for outstanding books. The Database Maintenance module should cover all operations of database creation and maintenance. The library shall create a separate section in college website where students and teachers can easily go through all the rules and regulations, services, e-resources, various informational links and question papers.

ICT Infrastructure

The College has adequate number of desktops and laptops for students and staff. Computers and printers to be made available in the administrative block. Projectors and other multimedia devices has provided in the classrooms, seminar hall. The infrastructure to be complemented by computer networking devices, scanners etc. The College to maintain adequate configuration servers to allow fast transmission of data to the various computers. Office automation packages for desktops and laptops like Open Office, MS Office and Antivirus to be purchased and updated regularly. The

college to provide access to all standard Econometrics, Statistical, computational and scientific typesetting packages. The installation and major maintenance of the ICT infrastructure required for e-governance shall be done by vendors duly selected. Some of the existing software modules for e-governance are outsourced. The college authority and the external vendors of software shall provide necessary maintenance and enhancement, as appropriate. As e-governance is based on computerisation of the functions of different users and authorities, different categories of users must interact differently with the e-governance system. For instance, the nature of interactions by teaching staff and that of office assistants are different. The institute shall organise trainings for different categories of users for using the e-governance system.

E-Waste Management

The institute has always been making utmost efforts to create a green and healthy environment for all the stakeholders as well as for the society. Use of technology is the need of the day but keeping a balance between the environment and the modernization is the actual challenge. The institute hence shall always try to ensure that all the usage of its technology and generation of e-waste does not impact the environment. Provisions shall be made for e-waste management accomplishing a memorandum of undertaking with a party outside the college.

Date : 20-06-2023

To,
The Principal,
Shahaji Law College,
Kolhapur.

SUB. : QUOTATION OF CLOUD BASED COLLEGE SOFTWARE

Dear Sir,

"ENSPECTRUM" is a leading software development company in Maharashtra. Making Software is not just a job for us. It is a lifelong commitment - we endlessly develop innovative solutions, which offer you a great experience of simplicity & friendliness.

We develop software - software for the customer. Software, that is reliable, efficient and easy to maintain. Some of the most loved software solutions recognised around are 'SCHOOLMATE', and 'COLLEGEMATE'. We've given them our own unique feel - "Easy to Use". They are powerful yet efficient, advanced yet easy to use. We write code and we put them through rigorous testing processes. All this to ensure that, every single user who is not computer savvy should not suffer while handling.

Our commitment doesn't stop at software. Like our software, the company is built to last. In fact everyone flaunting the 'ENSPECTRUM' badge knows that it symbolizes enduring quality, high efficiency and yet, simplicity.

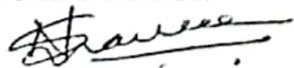

People often ask us what sets us apart from other software developers. And we proudly reply "USER FRIENDLINESS". Come to think of it - it's not just the words, it's the efficiency of usage that has been brought to life.

Basically, before we begin to think like developers, we put ourselves in the position of untrained computer users. We keep our technical thoughts aside and dwell on what our customers actually need. We assess each and every aspect of our customers, their requirements, and then, simply think of remarkable solutions that will take their experience of using our software to a completely new level. For us, it is important that the software does not simply become a means of automation, but also that it efficiently fulfils the exact requirements of our customers and lends satisfaction to the management by way of excellent reports.

Perhaps, this is what sets us apart from other software developers - the fact that we aren't just developers, that we aren't just engineers, that it isn't just software - the fact that WE ARE ENSPECTRUM.

Thanking you, in anticipation,

Yours truly,
For ENSPECTRUM

PROPOSAL FOR COLLEGE SOFTWARE

Dear Sir,

As per the discussions with you regarding the requirement of software suitable for your Hotel, we are pleased to submit our proposal as follows on the terms and conditions mentioned therein. The features are detailed on separate sheets.

| |
|---|
| <p>1. COLLEGEMATE COLLEGE MANAGEMENT SOFTWARE Cloud Based Software System Developed on multiple platforms</p> <p>System Initialization Charges (One-time): ₹ 55,000/-</p> <ul style="list-style-type: none">* Cloud Space Provisioning* Server Installation on Cloud <p>Software as a service (SAAS) for the following modules:</p> <ul style="list-style-type: none">* Admission (Includes online application, form fee payment, admission verification)* Attendance* Online & Offline Fee Receipts* SMS Gateway Integration* E-Mail Server Integration* Payment Gateway Integration* Integration with On-premise Accounting Software Server* Mobile app for Students and Teachers <p style="text-align: right;">₹ 140/- per Student per Batch/Year</p> |
|---|

Financial Terms and conditions:

- Taxes:** Ours is an un-registered firm. Hence, GST is not applicable for us. If we are registered before the bill date, GST will be applicable as per government rules.
- Delivery:** All the facilities required for Online Application and Admission will be delivered and initialized by 20th July 2023, subject to your technically / commercially clear order along with advance being received by us before 30th June 2023.

If we are unable to meet delivery deadlines for reasons beyond our control, we will inform the Institution without delay and at the same time provide the new estimated delivery date.

Software is only supplied as a service or in the form of web and/or mobile apps. The source code of the Software is not the subject of the contract and will not be provided. It will remain as a property of Enspectrum.

The Institution is not permitted to reconvert or decode the Software or extract any program elements. It will not decompile or disassemble the Software, carry out reverse engineering or otherwise attempt to derive the source code.

3. **Payment:**
 - A) 100% of the System Initialization Charges Immediately along with the order.
 - B) Invoice for Per Student Charges will be raised as soon as the system is initialized. It will be based on the last year's student tally from the second year onwards, or the expected tally for the first year of implementation. This invoice has to be cleared within 7 days.
 - C) Invoice for the difference in Final Tally of student for the Batch/Year compared to the invoice raised in (B) above will be raised at the end of the Batch/Year. This invoice has to be cleared within 10 days.
 - D) Payments once made are non-refundable.
4. The institution will provide us with the access to Payment Gateway of their choice for integration with the software. All agreements / formalities with the payment gateway provider and banks of the institution are to be done by the institution and the costs associated with the same are to borne by the institution. We will only integrate with the API provided by the payment gateway selected by the institution.
5. Cost of third party Audit, Testing, Certification, SMS or email service provided is not included in the contract and should be managed by the institution.
6. Software upgrades / Additional requirements / Customization / Re-training will be charged separately, for which, the price will be decided mutually. This condition will be applicable in the first year as well as subsequent years.
7. Travelling charges, accommodation, food, laundry, communication facilities for our personnel will be provided by the institution. A separate debit note will be raised for the same.
Visa charges for our personnel, if applicable, will be borne by the institution.
8. We will train your existing staff members thoroughly during the initial phase. However, any additional training required at your end due to replacement of staff will attract an additional charge of Rs. 5000/- + taxes per training session.
9. **From the 2nd year onwards:**
 - A) The Per-Student charges will be increased by 15% every two years, due to inflation.
 - B) Based on the strength of students, yearly cloud charges for expanding storage space and/or cloud provider migration will be applicable as extra.
 - C) In case of delay of payment beyond 15 days of the date of invoice, the cloud system will be discontinued and the data will be automatically deleted by the cloud service provider. ENSPECTRUM will not be responsible for the above loss and/or any consequences thereof.
 - D) In the event of discontinuation of cloud service, restoration charges will be applicable, which will be borne by the institution.
10. **Validity of the quotation:** Till 30th June 2023.

Service and Support Terms:

1. There will be a testing phase for the software before go-live. During this phase, the institution has to certify that the software is working as per its requirements and the same has to be conveyed to us in writing and/or through the official email address of the institution. Only after this document is received by us, we will be able to proceed with the go-live process.
2. Initial training will be done for 4 days on-site. It will be the sole responsibility of the institution to use the software system. In case any further support is required, it will be provided online.
3. Data entry has to be done by students / staff / resources arranged by the institution. Student details will be entered by the students themselves through their respective login ids. College staff will need to verify and commit the details entered by the students to ensure authenticity and genuineness of the data.
4. Software / data maintenance activities such as indexing, sharding etc. will be undertaken by us based on the need to keep the system running at its optimum level. We will intimate the institution in advance about such activities, during which, the software will be unavailable for use.
5. Our scope will be restricted to training and support for users. No data entry will be done by us.
6. The data on the cloud as well as the licenses associated with it will be owned by ENSPECTRUM.
7. All application data **excluding** the accounting data will be hosted on the cloud infrastructure provisioned specifically for the institution. Accounting data will be stored on the computers inside the institution premises. The safety, security and confidentiality of this data will be the sole responsibility of the institution. The necessary backup(s) of the data on premises will be taken by the institution to ensure the above mentioned safety of data.
8. Any new features / changes that have been mutually agreed upon, will be activated in the software after a minimum of 7 days (during non-admission season) after the development and testing of those features / changes is done by us. However during admission season, the system will need to continuously remain available for the users. This will further delay any activation of new features / changes in the software system.
9. The cloud service provider's working rules are applicable to the institution. We will not be responsible for any downtime / maintenance activity done by the cloud service provider, which may result in the unavailability of software services for a certain amount of time.
10. This will be an implementation of a Cloud-Based software system, which will involve various actors / agencies such as Banks, Cloud Hosting Provider, SMS Gateway, Email Providers, Payment Gateway etc. Considering these factors, there may be some initial challenges that may come across for all parties, including users, students and staff. However, within a few days, these challenges can be overcome and the system will be

fully functional and running smoothly. We will extend our support to make this process as streamlined as possible.

Payment Gateway Terms and Conditions:

1. For online payments, we will provide integration with Payment Gateway. The necessary agreements / formalities will need to be signed between the institution and the payment gateway provider. We have no role in the agreement.
2. For online payments, the amount collected by the payment gateway is directly transferred to the bank account of the institution as per RBI norms. We only get the details of the transactions performed. Any issues / queries / discrepancies regarding the processing of payments should be resolved directly between the institution and the payment gateway provider. Resolution of any issues related to delays / charges levied by the payment gateway provider will be the sole responsibility of the institution.
3. We will have no responsibility in any transaction related issues. The institution will need to check the accuracy and completeness of the transactions and in case of any discrepancies, must follow up with the payment gateway provider for resolution of the same.

Duties and Responsibilities of the Institution:

1. On-premise IT infrastructure will be provided by the institution.
2. The institution will ensure that continuous connectivity to the internet with good bandwidth is available at all times.
3. The institution will ensure that the computers on which the software is being used are capable of the same. Any issues that may arise with respect to usability of the software due to reasons such as hardware problems, operating system problems, virus infection, problems due to other software on the computer etc. will need to be handled and resolved by the institution.
4. Institution will ensure that the key personnel are available during demonstrations / training.
5. Infrastructure and facilities for demonstrations / training will be provided by the institution.
6. User roles have to be defined by institution and to be informed to us in writing by the authorized signatory. On that basis, access will be allocated. Any change(s) in role(s) have to be informed to us in writing by the authorized signatory.
7. Institution has to take care that users are not sharing passwords which may lead to breach of data integrity.

ENSPECTRUM

Most Important Instructions

Dear System Users,

- You are requested to change the system generated password immediately after first login.
- You are requested not to disclose / share your password to anybody.
- Change password periodically.
- Please note that, as per provisions in the IT act, User will be solely responsible for any kind of misconduct / misuse.
- Also you are requested to fill the correct bank details after login.
- In case of any Technical query Please Contact **8980001249**

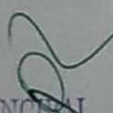

प्रिय प्रणाली वापरकर्ता , ,

- सर्व प्रणाली वापरकर्त्यांना नम्र विनंती आहे कि - आपण आपला गोपनीय सांकेतिक कोड (PASSWORD पासस्वर्ड) कोणालाही सांगू अथवा देवू नये.
- प्रथम लॉगिन केल्या बरोबर लगेच चेंज लॉगिन मधून आपला पासस्वर्ड बदलून टाकावा. असे न केल्यास माहिती तंत्रज्ञान कायदा २००० नुसार वापरकर्त्यांच्या लॉगिन मधून झालेल्या कोणत्याही प्रकारच्या गैरकृत्यास संबंधित नोंदणीकृत इसम जबाबदार राहिल याची कृपया नोंद घ्यावी.
- संगणक प्रणालीच्या वापराकरिता काही अडचण असल्यास कृपया हेल्प लाईन नंबर **8980001249** वर फोन करावा
