ABOUT THE SEMINAR

Trafficking of women for the purpose of sexual exploitation, prostitution, forced labour, slavery and servitude is a worldwide phenomenon unfolding by leaps and bounds every day. Many International Conventions supported by National Legislations and Policies are put in place by the national and international communities to curb this ever-growing menace. However, the ground realities narrate different stories. Of the agencies tasked to ameliorate the conditions of women, National Commission for Women (NCW) is a front runner. Having understood that the lack of sensitization among the stakeholders about the phenomenon of trafficking has resulted in perpetuation of this crime, the NCW has encouraged the institutions to shoulder their responsibility in disseminating the presence and importance of legal framework and rehabilitative schemes for the victims of the trafficking. The present seminar is one of such joint ventures between National Commission for Women and Shahaji Law College, Kolhapur.

OBJECTIVES OF THE SEMINAR

The seminar is intended to achieve the following objectives

1. To trace out the causes of women trafficking from the perspectives of law, social sciences and perceived social norms.
2. To understand the trauma, helplessness and loneliness of the victims of women trafficking.
3. To unearth the investigation predicament of police personnel in handling women trafficking.
4. To assess the adequacy of legal framework in India and the responsive schemes.
5. To review the constructive role played by National Commission for Women, other statutory bodies and NGOs in prevention of women trafficking.
6. To unfold the constructive interpretations by judiciary in rehabilitation of victims of women trafficking.
7. To underscore the constructive and conjunctive roles to be played by the society, police, judiciary and family in the prevention of trafficking of women.

SHAHAJI LAW COLLEGE

Shahaji Law College is one of the oldest Law colleges in the state of Maharashtra. His Highness Chhatrapati Rajaram Maharaj established the Council of Legal Education in 1933 under the auspices of which the 'Sykes Law College' was opened. The college was renamed as Shahaji Law College after late Shri Ratanppanna Kumbhar took over the management of the college.

The college is aided by the government of Maharashtra and approved by the Bar Council of India. It is permanently affiliated to Shivaji University, Kolhapur. The college runs both three year and five-year law courses apart from the Diploma in Income Tax and Diploma in Labour Laws. The college houses more than 800 students in any academic year. The college has been reaccredited with "A" by the NAAC in 2017. The college is famously known for its place in merit list of the University besides its extra-curricular activities like National Youth Parliament and Legal Aid programs.

THE NATIONAL COMMISSION FOR WOMEN

The National Commission for Women is set up as statutory body, in January 1992, under the National Commission for Women Act, 1990 to review the Constitutional and legal safeguards for women; recommend remedial legislative measures, facilitate redressal of grievances and advise the Government on all policy matters affecting women.

The mission of the NCW is "[t]o strives towards enabling women to achieve equality and equal participation in all spheres of life by securing her due rights and entitlements through suitable policy formulation, legislative measures, effective enforcement of laws, implementation of schemes/policies and devising strategies for solution of specific problems/situations arising out of discrimination and atrocities against women."

The Commission is a high-powered body which has all the powers of a civil court trying a suit. The Commission is consistently and successfully busy in addressing the women issues and rights of women at appropriate places. The present seminar is one of such attempts. This seminar is sponsored by the National Commission for Women.

ACKNOWLEDGMENT

Shahaji Law College, Kolhapur, Maharashtra is greatly indebted to the National Commission for Women for sponsoring the *One-Day National Seminar on Women Trafficking: Causes Consequences and Socio-Legal Responses*, which is a relevant topic with real-time consequences. It would not have been possible for the college, on its own, to engage with this topic without the moral and financial support from the National Commission for Women. The Management and the College greatly admire the efforts of the National Commission for Women in ameliorating the conditions of women and making the life worth living. The institution feels proud to be associated with the National Commission for Women, in its own little way, in carrying out the objectives set forth by the National Commission for Women. In tune with its spirit, indeed, it was a great deliberation and one of its kind events organized by the college.

INTRODUCTION

(a) Background Note of the subject matter of the Seminar/Workshop/Conferences

Trafficking of women for the purpose of sexual exploitation, prostitution, forced labour, slavery and servitude is a worldwide phenomenon unfolding by leaps and bounds every day. Many International Conventions supported by National Legislations and Policies are put in place by the national and international communities to curb this ever-growing menace. However, the ground realities underscore the fact that not much appreciable has been noticed at the ground level. Of the agencies tasked to ameliorate the conditions of women, National Commission for Women is a front runner. Having understood that the lack of sensitization among the stakeholder about the phenomenon of trafficking has resulted in perpetuation of this crime, the commission has encouraged the institutions to shoulder their responsibility in disseminating the existence of legal framework and rehabilitative schemes for the victims of the trafficking. The present seminar is one of such joint ventures between National Commission for Women and Shahaji Law College, Kolhapur. Out of this joint venture, it was decided to have a national seminar on this topic by inviting resource persons from across the country, faculty, discipline and age group, so that the enormity and dimension of the women trafficking is understood, problems identified, and solutions offered.

(b) Objectives of the Seminar/Workshop/Conferences

The seminar is intended to achieve the following objectives

1. To trace out the causes of women trafficking from the perspectives of law, social sciences and perceived social norms.
2. To understand the trauma, helplessness and loneliness of the victims of the trafficking of women.
3. To unearth the investigation predicament of police personnel in handling women trafficking.
4. To assess the adequacy of legal framework in India and the responsive schemes.
5. To review the constructive role played by National Commission for Women, other statutory bodies and NGOs in prevention of trafficking of women.
6. To unfold the constructive interpretation by judiciary in rehabilitation of victims of women trafficking.

Any other theme related to and consistent with the main theme

The procedure adopted by for conducting the Seminar was in three parts. The key note address was given to the sitting judge and secretary of district legal services authority with a particular purpose of blending the law, practice and realty. Since the resource person was from judiciary who actually handled the cases of women trafficking and was in close coordination with the police unit which handles such cases, he was vocal, pervasive and educative in his address.

The second procedure adopted was to have two resource persons from different and yet from linked to the phenomenon of women trafficking. The first resource person was from the judiciary who practices the criminal law and advises the police units including central bureau of investigation on various facets of law in action. He was successful in bringing the awareness and nuances of women trafficking and laws relating thereto.

The second resource person was a lady, social activist and grassroots worker for ameliorating the constitution of trafficked women. With her vast and close observation of women working as sex workers on pune's red light area, she could relate many incidences of how women are trafficked and forced into sex work against their will. She also narrated as to how forced sex workers remain with no choice but to continue the same after a

lapse of time. Her observations were of pertinence and representative of zero ground reality.

The chairpersons for the both sessions were from the field of law who summarized the proceedings of the sessions with their own observation

The third session was paper presentation where the more than 68 participants presented their papers in three parallel sessions across the disciplines. Two of the paper presenters were from international background since they represented international academic institutions.

The fourth part was valedictory wherein another legal expert from school of law, Gujarat University, expressed his observations.

Thus, three-fold methodology was followed. Firstly key note address was delivered, secondly resource persons spoke and thirdly papers were presented across cornering disciplines

The trafficking is equally with consent, though, it may not be in same proportion as it is without consent'. The existing legal regime has proved to be inefficient firstly in understanding the process of women trafficking and secondly the methodology to curb and circumscribe the trafficking. 3. OBSERVATIONS

The seminar turned out to be the platform for exploring the enormity of women trafficking and exploitation. The seminar unearthed the magnitude and dimensions of women trafficking in particular and human trafficking in general. The grassroot experiences of resource persons of the seminar and inquisitive participation of the participants made it meaningful exercise. The students who are still in the leaning of law were able to understand the nuances and delicacies of the law enforcement mechanism. The ground zero workers also understood the applicability and dimensions of application of law, which factor, they seem, were struggling to understand. The law enforcement agencies and interpreter of laws also had a chance to understand and appreciate the predicaments of ground level workers. The paper presenter put forth various dimensions of trafficking from social, political, economic, Legal, moral, and philosophical dimensions.

Trafficking of minor girls for prostitution

By : Aishwarya Shivaji Raskar.

Rutuja Nitin Pathare.

Lavanya Sanjay Joshi.

ABSTRACT

The trafficking of minor girls for sexual exploitation is one of the most egregious violation of human rights. India is one of the countries known for extensive trafficking of minor girls (under 18 years) for commercial sexual exploitation. Indian government figures state that the three million people engaged in sex work, more than forty percent of them are below the age of eighteen years, some are young as five. In Indian Penal Code 1960, Immoral Traffic Protection Act 1956 and The Protection Of Children From Sexual Offences Act 2012 etc. have provisions for the protection of victim girl and prevention and combating of trafficking but there are critical gaps in their implementation. This paper has attempted to analyse the nature, cause modes and volume of trafficking of minor girls for sexual exploitation in a country. The paper highlights the needs a multidimensional approach and focus attention on structural factors of trafficking for recommending meaningful stratagems to counter the social evil.

Introduction :

In this globalised era, India is known as developing country and it constantly facing problems like population growth, poverty, illiteracy, unemployment etc. these problems directly affect the human nature. This changing nature of people in India, divided our country into two classes i.e. haves and havenots. Since ancient time, haves class has been exploiting havenots. This is the root cause, which supports trafficking of persons.

“Trafficking in persons can be defined as the recruitment, transportation, harbouring or receipt of persons by means of the threat or use of force or other forms of coercion, of abduction, of fraud, of deception, of the abuse of power or of a position of vulnerability or of the giving or receiving of payments or benefits to achieve the consent of a person having control over another person for the purpose of exploitation.” Exploitation shall include the exploitation of the prostitution of others or other forms of sexual exploitation, forced labour or services, slavery, servitude or the removal of organs¹.

The trafficking of minor girls for prostitution is one of the most egregious violation of human rights. In our country, society is quiet about such practices. On the one hand minor girls are going to school and on the other hand some of them are trapped in red light area.

Objectives :

- 1]. To raise up our voice for evil practices like prostitution in the society.
- 2]. To suggest preventive measures regarding minor girls trafficking in India.

1. UN protocol to prevent suppress and punish Trafficking in persons, Especially Woman and Children supplementing the convention against Transnational Organ Crime.

Trafficking of minor girls for prostitution

1]. Who is minor girl?

POCSO Act, 2012 defines a child as any person below eighteen years of age. It means a girl below eighteen is called minor.

PITA 1956- The child under PITA means a person who has not completed the age of sixteen years.

2]. What is Prostitution?

Prostitution means the act or practice of engaging in promiscuous sexual relations especially for money.

In India nearly 1.2 million sex workers are below the age of 18 with about 40 underage girls being forced into prostitution on a daily basis. With the 8% of increase in the flesh trade, India has become one of the prominent name in child prostitution.

Violation Of Fundamental rights

The trafficked minor girls in prostitution are not viewed as criminal but as victim of crime. There is violation of fundamental rights of those victims. Which are as follows:

Art. 19(d) : To move freely throughout the territory of India.

(e): To reside and settle in any part of the territory.

As they are trafficked for exploitation purpose, have to live always under the control of trafficking. Their fundamental right i.e. right to freedom, Art. 19(d) (e) of Indian constitution is completely violated.

Art. 21 : Protection of Life and Personal liability.

No person shall be deprived of his life or personal liability except according to procedure established by law.

Everyone in India has right to live with dignity and prestige. But involvement of minor girls in prostitution makes their life worst than hell. Attitude of society towards prostitution is totally different. So their social life is also get affected stigma on them as prostitution never allows them to live a dignified life.

Art. 21(A) :Right to education.

The state shall provide free and compulsory education to all children of the age of six to fourteen years in such manner as the state may, by law, determine.

As a victim of prostitution and trapped in red light area it is impossible for them to go to school. In this way this evil practice in our society violates their Fundamental Rights.

Art 23 :Prohibition of traffic in human being and forced labour.

- (1) Traffic in human beings and beggar and other similar forms of forced labour are prohibited and any contravention of this provision shall be an offence punishable in accordance with law.
- (2) Nothing in this article shall prevent the state from imposing compulsory service or public purposes, and in imposing such service the state shall not make any discrimination on grounds only of religion, race, caste or class or any of them.

Art. 23 Protects the individual not only against state but also private citizens. It imposes a positive obligation on the state to take steps to abolish evils of traffic in human beings for immoral or other purposes.

Trafficking of Minor girls for prostitution : Why and How?

There are much more families in India have higher number of children. Because of low income and weak family planning that makes engaging daughters "in the prime of their youth" in practices like prostitution for financial support to the family.

One more factor should be mentioned here, i.e. the victims of this crime themselves are not fully aware of their rights and are incapable of seeking out help.

Since most trafficking occurs in remote regions that are largely disconnected from the world, victims themselves are unaware that there exist local organisations working to rid society of such crimes against humanity.

Karl Marx said, "where justice is denied, where poverty is enforced, where ignorance prevails, and where any one class is made to feel that society is an organised conspiracy to oppress, rob and degrade them, neither person nor property will be safe."

This statement is aptly applicable to victims of this crime. When their own parents push them to hell, how can they feel safe.

Every eight minutes a child goes missing in India and forty percent of them are never found. Most of the time, minor girls are found in red light areas. They may be kidnapped while going to or coming from school¹.

Legal Provision

In India prostitution is not penalised but immoral trafficking is penalised. There are various acts for protection of victims in trafficking and to prohibit such evil practices in society which are as follows.

(1) Indian Penal Code 1860

Sec.372: Selling of girls for prostitution.

Explanation- When a female under the age of eighteen years is sold, let for hire, or otherwise disposed of to a prostitute or to any person who keeps or manages a brothel, the person so disposing of such female shall, until the contrary is proved, be presumed to have disposed of her with the intent that she shall be use for the purpose of prostitution.

Sec. 373 : Buying of girls for prostitution.

Explanation- Any prostitute or any person keeping or managing a brothel, who buys, hires or otherwise obtains possession of a female under the age of eighteen years shall, until the contrary is proved, be presumed to have obtained possession of such female with the intent that she shall be used for the purpose of prostitution.

(2) Immoral Traffic (Prevention) Act, 1956

1. Section 3 : Stringent action and punishment for keeping a brothel or allowing premises to be used as a brothel.
2. Section 4 : Living on the earning of prostitution.
3. Section 5 : Procuring, inducing or taking a person for the sake of prostitution.
4. Section 6 : If any person is found with a child in a brothel it shall be presumed, unless the contrary is proved, that he has committed an offence of detaining a person in premises where prostitution is carried on. The punishment consists of imprisonment upto seven years.

Section 21 : Establishment of protective homes by the State Government.

(3) POCSO Act, 2012

It was enacted to provide a robust legal framework for the protection of children from offences of sexual assault, sexual harassment and pornography, while safeguarding the interest of the child at every stage of the judicial process. The framing of the Act, seeks to put children first by making it easy to use by including mechanisms for child-friendly reporting.

recording of evidence, investigation and speedy trial of offences through designated Special Courts.

(4) Trafficking of Persons (prevention, Protection and Rehabilitation) Bill, 2018.

This bill provides for the prevention, rescue and rehabilitation of trafficked persons. According to NCRB 8,132 human trafficking cases were reported in India in 2016 under the IPC 1860¹. In the same year 23,117 trafficking victim were rescued. 21.5 % persons were trafficked followed by prostitution.

The bill provides for the investigation of trafficking basis and rescue and rehabilitation of trafficked victims. It includes trafficking for the purposes of sexual exploitation, slavery or forced labour or removal of organs. In order to punish trafficking, the bill provides for setting up of investigation and rehabilitation authority at the restrict, state and national level.

This study consisted of three separate, but interrelated data collection efforts. Qualitative and quantitative measures were used to help characterize the changing nature of CSEC in Kolkata.

Part A: Public Establishments

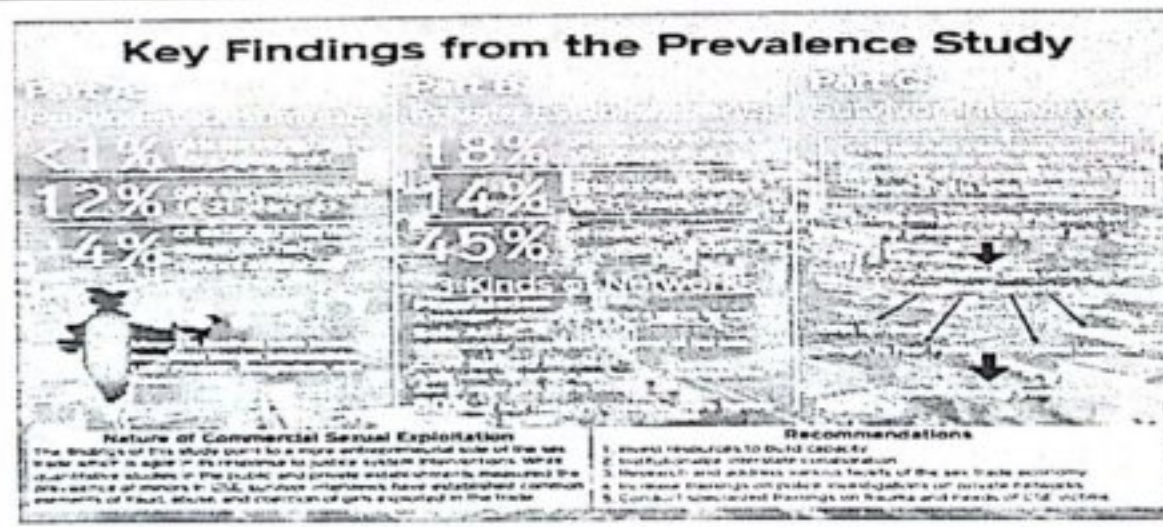

Public Establishments include government-owned and government-controlled establishments such as schools, hospitals, and government offices. The study found that CSEC is prevalent in these establishments, particularly in schools and government offices.

Part B: Private Establishments

Private Establishments include privately-owned and privately-controlled establishments such as hotels, restaurants, and private offices. The study found that CSEC is prevalent in these establishments, particularly in hotels and private offices.

Part C: Survivor Interviews

Survivor Interviews were conducted with 100 survivors of CSEC. The study found that survivors of CSEC face significant challenges, including trauma, stigma, and lack of access to services.

1. Crime in India 2016, National Crime Record Bureaus.

Suggestion :

As above mentioned there are laws to prevent trafficking of minor girls for prostitution. But only law cannot change this evil practices in society. A legal maxim "*Hominum causa jus constitutum est*" means law is establish for the benefit of man. only law cannot do anything unless attitude of people change. These laws are for the protection, preservation and rehabilitation of those victims but its not sufficient because so many minor girls are sexually harassed at rehabilitation places also. So positive attitude of people and provisions of law to abolish such evil practices in society should go hand in hand.

- To enrol them in formal education or to provide girls above the age of 14 vocational training in an effort to help them develop scheme to manage their own lives so that they do not fall into trap of red light area.
- Government can establish houses for their rehabilitation. To provide them security so that they will not be harassed at rehabilitation places.
- To spread awareness in society by various means like media.
There are some movies like "Mandi" 1983 which talk about prostitution. Such movies may help to change the attitude of society towards prostitutes. If people may feel something for them then only they can involve victims in society.

Conclusion :

As President Bush said, "Human life is a gift of our creator and it should never be for sale". No one can traffic and engage minor girls in prostitution. Law should not be such as to just remove the prostitutes but also to change the mentality of people. Who are interested in paid sex by punishing them in such a manner that people of some mentality will dare to indulge themselves in similar activities.

Our society has not only turned a blind eye to minor girls being enticed into prostitution but also is directly responsible for the growth of child prostitution. The elimination of child prostitution requires immediate redressal measures. Education and economic independence of woman will counter their vulnerability and lead to the recognition and respect of woman's and the girl child's dignity.

GLOBAL SEXUAL TRADE & GLOBALIZATION OF WOMEN TRAFFICKING

Name: MISS SNEHA NAMDEO LOHAR (5th NLC)

ABSTRACT: Women trafficking and child trafficking are the major problems of our globe. Trafficking has appeared as one of the wickedest and most pervasive forms of human rights violation of women and children around the world. Today it has become a major social and political concern both internationally as well as nationally. Bangladesh is predominantly a source country for victims of cross-border trafficking due to a plethora of reasons. By this current study our main objective is to explore of trafficking, the present situation and the ways to lessen or combat the issue in a tradition bound society like Bangladesh. Qualitative Method like content analysis and documentary analysis has been taken for the study. Data have been gathered from different secondary sources and reports, like books, journals, newspapers, magazines and related organizations and stakeholders. Trafficking victims of 80 countries of the various region of the world where victims are mostly women which is 50%. And commercial sex trafficking was higher. Northern regions of Bangladesh are more prone to women trafficking. Both government and NGOs have been working in fighting trafficking.

INTRODUCTION:

India is a country full of contrasts. On one hand we find the noblest examples of humanity and peace, whereas on the other hand there are many instances of inhuman actions and cruelty. In India multifarious images of women prevail: women working as scientists, teachers, doctors etc. - or women bringing water from far away, women who have been denied even the right to be born; women burnt alive because of dowry or women thrown forcibly into flesh trade.

The International Labour Organization (ILO) estimates that there are 2.4 billion people in the world at any given time involved in forced labour and subjected to exploitation as a result of trafficking (ILO 2008).

In today's world, human trafficking is not an isolated problem, but a growing global issue.

"Sex trafficking delivers women to customers, but sex tourism delivers customers to the place of consumption."

"Sex tourism becomes a very lucrative business. Technology, communication & transportation all allow that & they enable the trafficking of women as well."

"It is hard to estimate the size of the sex trade because it is so underground. But what we can say is that it is very trans nationalised & even the U.S. is affected by this negative aspect of globalization."

OBJECTIVES:

General Objective:

1. To explore current situation of women trafficking and the Related Laws in globe.
2. To aware people about worst condition of women in the women trafficking .

Specific Objective:

1. To identify the Number of human trafficking cases by different region of the world.
2. To evaluate the different types of human trafficking.
3. To aware relating to women trafficking in flesh trade and to aware about the conditions of women in the rescue homes.

DEFINITION:

TRAFFICKING

As per the definition derived by the **United Nations Convention on Transnational Organized Crime**, "trafficking in persons means the recruitment, transportation, transfer, harboring, or receipt of persons either by threat or use of abduction, force, fraud, deception or coercion, or by the giving or receiving of unlawful payments or benefits to achieve the consent of a person having the control over another person for the purpose of exploitation" (Martin)

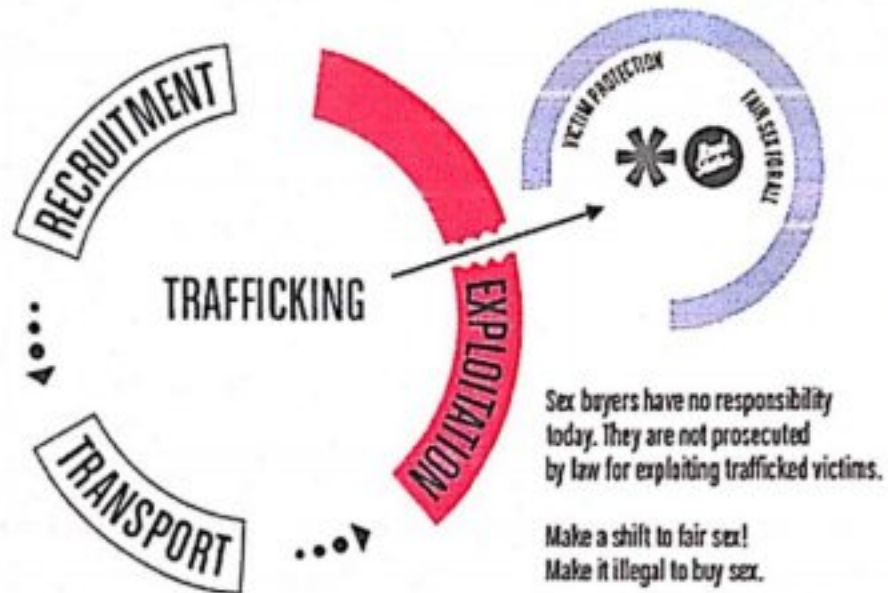

In the US, **human trafficking** is defined and criminalized under the **U.S. Federal Law Trafficking Victims Protection Act (TVPA)**, which passed in 2000. This act defines the two main forms of human trafficking. The first form is **labour trafficking**, which is defined as, "the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery."

Sex trafficking is the second form, "in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such an act has not attained 18 years of age."

The definitions created by TVPA are the most commonly cited explanations of human trafficking across the globe (**Human Smuggling and Trafficking Center, 2014**).

PROCESS OF TRAFFICKING:

Countless thousands of trafficking victims lack protection from exploitation. Someone has to be held responsible for this.

METHODOLOGY AND RESULTS: This paper uses both theoretical discussion and case study analysis in order to show how the sex trafficking industry operates in different countries, particularly the US and India.

Figure 1 shows about the causes of human trafficking.

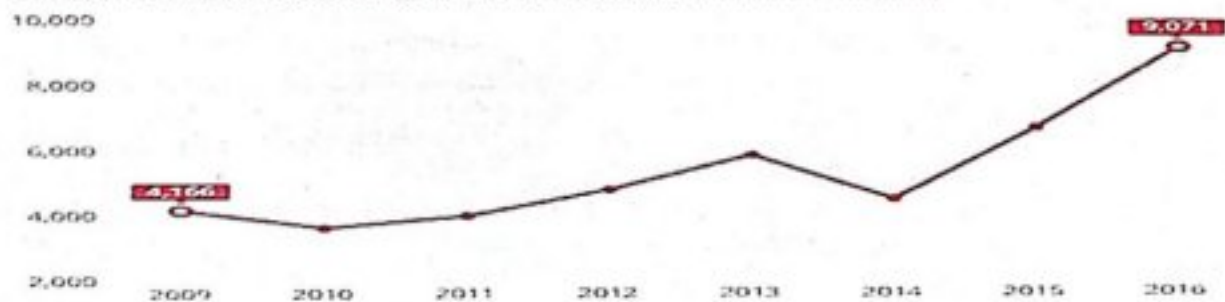

Figure 2 shows about a human trafficking conviction on the rise which means judiciary play an active role in these cases.

EFFECTS:

India is a country full of contrasts. On one hand we find the noblest examples of humanity and peace, whereas on the other hand there are many instances of inhuman actions and cruelty. In India multifarious images of women prevail: women working as scientists, teachers, doctors etc. - or women bringing water from far away, women who have been denied even the right to be born; women burnt alive because of dowry or women thrown forcibly into flesh trade.

Various adverse effects of Globalisation can be seen specially on people from rural India and on people who live below the poverty line. Women and children are more adversely effected. Rural economy is mainly based on agriculture and small scale industries. In the globalisation process small-scale Industries are disappearing. Most of the work done in small-scale industries and on agricultural fields is done by women as unskilled workers.

A very accurate, comprehensive picture of prostitution in India is not available since sexual exploitation and sale of women and children are mostly unreported crimes; since many cruel episodes are caused by middlemen and procurers who act secretly and in a very organized, criminal manner. However, some intensive project studies and research work reveal following facts: According to a recent publication on trafficking there are about 2.3 million prostitutes in India. This data may seem to be on the higher side but authentic data of a survey of Bombay (Mumbai) city alone indicates an alarming figure of more than 0.1 million prostitutes in its 12000 brothels. Approximately 20% women in prostitution are under 18. A sample survey of 12 states and 2 union territories reveals that women who are sexually exploited and sold are usually children (under 18 years) at the time of their initial exploitation or abduction.

There are more than 2000 brothels spread all over Delhi.

There are more than about 20,000 Nepali girls into prostitution in Bombay.

FLESH TRADE:

Persons belonging to the lower income group take money and marry their daughters to rich men of gulf countries. Sometimes a minor girl is married with a man who is at least three times older than her. Most of these girls are later deserted or are taken to Gulf countries for prostitution. Exporting women for domestic work or for nursing is taking place but there are several incidents where these women are thrown into flesh trade.

LUCRATIVE BUSINESS:

Human trafficking is estimated to be one of the most profitable forms of organised crime, generating \$ 150.3 billion a year in profit globally. The Asia – Pacific region is the most lucrative.

Figure 3 indicated the % of the lucrative trade in the Human Trafficking.

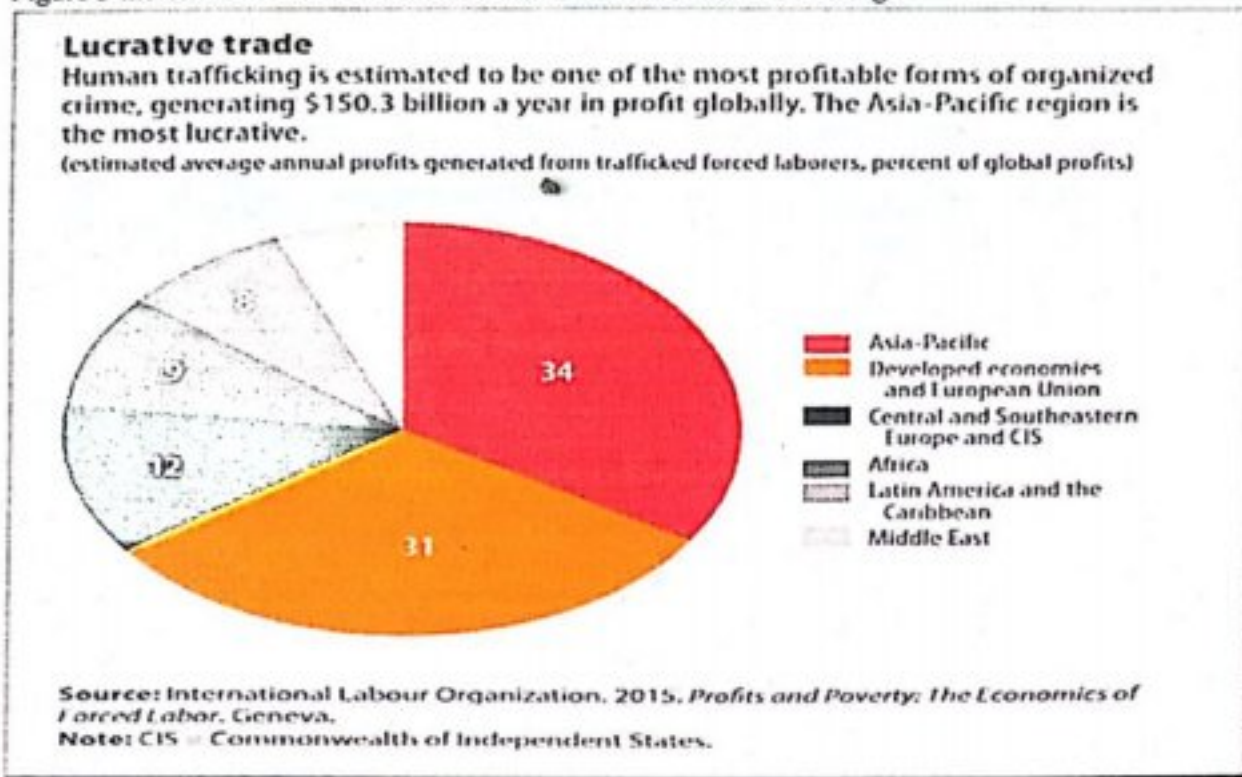

FIGURE 3

PROVISIONS OF THE IMMORAL TRAFFIC (PREVENTION) ACT 1986 :

The cruelty of prostitution is so complex and immense in Indian society that few efforts done by various NGOs to eradicate prostitution or to rescue and rehabilitate the victims have proven to be only a drop in the ocean.

Through the efforts of NGOs and humanists the amendment in the Immoral Traffic Law of 1956 took place in the year 1986 whereby the legislation of 1956 was amended and retitled as 'The Immoral Traffic (Prevention) Act, 1986'.

Under the amended laws prohibition of prostitution in its commercialized form continues to be an offence. It has defined 'child' as a person who has not completed 16 years of age. In the preventive laws there are provisions of stringent punishments in cases of child prostitution.

Hotel licenses are liable to be cancelled if hotels are allowed to be used for prostitution.

Though families of such victims have no qualms about accepting money from their sold girls, but they don't accept them back in their family as a member due to fear of social censure.

The act includes directives to states to establish corrective institutions or rescue homes, so that when such victims are rescued they can be put in these homes, so that their rehabilitation is easier. Women homes run by the government are in pathetic condition due to lack of funds.

CASELAW:

1. VISHAL JEET V. UOI AIR 1990

CONCLUSION:

A network of specialized police squad like that of the Central Bureau of Investigation should be established to watch and prevent kidnapping, fake marriages, sexual exploitation and to counter trafficking in women and children. Women NGOs are demanding compulsory registration of all marriages in India so that fake marriages can be prevented and victims and culprits are easily traced. Crises intervention and counselling services should also be provided to girls in distress. Genuine local committees must be established for the protection of the vulnerable sections of the society. NGOs must make rigorous efforts, so that victims are accepted in society without any stigma. Positive traditional family values which are being eroded due to Globalisation should be re-established. Rigorous awareness campaigns about trafficking at local, national and international levels must be conducted to mobilize people. NGOs must promote intensive and effective gender sensitization in society. A co-ordinated effort in this direction should be strengthened. There is an acute need to sensitize the police personnel in women issues

**Rapporteur Report of One Day National Webinar on Migrant Workers and Labour
Laws: Identifying Gaps and Exploring Legal Remedies on 23rd December 2020**

A One Day National Webinar on '*Migrant Workers and Labour Laws: Identifying Gaps and Exploring Legal Remedies*' was organised in Council of Education's Shahaji Law College on 23rd December 2020, the 22nd Death Anniversary of the Founding Father of the Institution Deshbhakt Dr. Ratnappa Kumbhar. The National Webinar was funded by the National Commission for Women.

Inaugural Session:

The National Webinar began with an introduction of the theme of the Webinar by Principal Dr. R. Narayana. Dr. Narayana thanked the National Commission for Women for providing funds to conduct the webinar on such a timely and pressing issue. Dr. Vishwanath Magdum, Member, Council of Education also addressed the participants of the seminar. He highlighted the immense contribution of Dr. Ratnappa Kumbhar to alleviate the position of the working class and also his contribution to the making of the Indian Constitution. He wished a grand success for the National Webinar. The Key note Speaker for the Inaugural session was Prof. (Dr.) Ishwar Bhat, Vice Chancellor of the Karnataka Law University, Dharwad. The key note Speaker was introduced by Dr. Suchita Suragihalli. In his key note address Prof. Bhat covered a number of Legislations, International Conventions and policies for the migrant workers in context of the Women migrant workers. He highlighted the various benefits that can be given to women migrant workers even if they are appointed on a temporary basis. He pointed out that the labour market, prominently that of the migrant workers is gendered in the sense that women have to face discrimination, exploitation and apathy. Sir drew attention to the United Nation conventions meant especially for the migrant workers which the nations should adopt and implement as a moral responsibility. He argued that the scope left for interpretation of laws should not result in discrimination against women but rather in realization of Gender Equality. The vote of thanks for the inaugural session was expressed by Dr. Suchita Suragihalli.

1st Technical Session:

The topic for the 1st Technical session was '*Role of Policies and Legislation: viz-a-viz Migrant Women Workers*'. The Resource Person for the first Technical Session was Hon. Pankaj Deshpande, Secretary, District Legal Service Authority, Kolhapur. Dr. M. C. Sheikh faculty member of Shahaji Law College, introduced the Resource Person. Hon. Deshpande at the very outset made it clear that while looking for solutions to the issue of rights of migrant women workers, we should have a right-based approach rather than a charity-based one. It should be free of traditional biases. He highlighted the effect of manual labour on the health and shelter of women. Deshpande Sir took an overview of the Constitutional basis of legislation for migrant women worker in Fundamental rights and Directive Principles of State Policy. He emphasized that there can be no excuse for not converting the provisions into a law. He lamented on the fact that lack of data and statistics regarding these workers also results in lack of effective measures to overcome the issue. He concluded by stating that migration is going to be present forever, so the policymakers need to change their mindset and come up with action oriented plans to beat the tragic and hapless situation of the migrant women workers.

2nd Technical Session:

The topic of the 2nd Technical Session was '*Implementation of Labour Laws to Migrant Women Workers in India*'. The resource Person for the session was Senior Adv. Dr. Santosh Shaha. Dr. Savita Rasam, Faculty of Shahaji Law College introduced the resource person. Adv. Santosh Shaha took an overview of the Directive Principles of State Policy in the Indian Constitution from Article 39 to 43 to underline the responsibilities of the State viz-a-viz its responsibility towards the migrant workers and women in particular. Sir also examined the provisions of labour laws like, Interstate Migrant Workman Registration Act 1979, the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013 and the yet to be enacted Occupational Safety Healthy Working Conditions Code 2019. The Interstate Migrant Workman Registration Act, Adv. Shaha said also include the application of other legislations like Workman's Compensation Act 1923, Payment of Wages Act 1936, Industrial Dispute Act 1947 and many acts which provide relief like The Maternity Benefit Act 1961. But the lack of awareness among the workers keeps them bereft of the benefits of these acts. Shaha sir also examined Case Laws like Harsh Mander vs Union of India and Alakh Alok Srivastava vs Union of India in which the SC came down heavily on the Government regarding

granting of Minimum Wages, basic necessities and medical facilities to be provided to the workers. Dr. M. C. Sheikh delivered the vote of thanks for the session.

3rd Technical Session:

The topic of the 3rd Technical Session was '*Migration a Challenge to Women Rights: Social Issues and Politico-economic Redressal*'. The Resource person for the 3rd Technical session was Dr. B. S. Patil, Slagaocar Law College, Goa. Prof. Suhas Patki, Faculty of Shahaji Law College introduced the Resource Person. Through 11-points relating to the topic Dr. B. S. Patil made an exhaustive and rigorous discussion regarding the plight of the migrant women workers. He referred to migration as double-edged sword which on the one hand brought economic growth in its host land but on the other hand changed its the cultural demography. He made a distinction between internal and intra migration in terms of its nature, its push and pull factor and predictability. Dr. Patil is of the opinion that a feminisation of migration has taken place and its study in the context of share in employment, wages, flexibility of nature of work is imperative in present times. He identified the constraints of women migration i.e., manipulation of employment agencies, sexual exploitation, withholding wages, lack of healthcare etc. Dr. Patil recommended that the benefits of migration need to be highlighted to increase public awareness, pan-India migration studies need to be conducted, women returning home need to be socially and mentally supported etc.

At the end the Dr. Praveen Patil, Convenor of the One Day National Webinar on Migrant Workers and Labour Laws: Identifying Gaps and Exploring Legal Remedies delivered the vote of thanks to the Directors of the Council of Education, Principal, Faculty members, non-teaching staff, students and participants. The webinar was anchored by Dr. Suchita Suragihalli and Dr. Asmita Patil.

Respected Sir,

I had applied for 2 two weeks refresher courses and paid for the same. The screenshot are attached herewith. However, due to my hospitalization, I could not enroll and attend to any of the programs. Now that I am certified to be fit, I request your good office to kindly accommodate me in the Online Two-week Refresher Course in New Trends in Law beginning from 29th August 2022 and in Online One-week Faculty Development Programme NED 2020: New Trends in Higher

Education beginning from 29th August 2022. I have paid Rs. 1450 for each, whereas this course is offered for ₹500. I will not mind if the Rs. 1450 is completely adjusted to this course.

As I was under medical conditions, I request your good office, once again to accommodate me on specialistic grounds.

Thank you very much.
